The Virtue of Quartz

Quartz is one of nature's strongest minerals. Resistant to stains, scratches and cracks, it is impervious to heat and cold and requires minimal maintenance.

Caesarstone surfaces, consisting of up to 93% quartz, retain the cool, tactile qualities of nature's strongest stones while offering freedom of design with seemingly endless application possibilities.

Caesarstone pioneered the original quartz surface in 1987. Since then, we've developed a diverse selection of successful products. Our surfaces come from our state-of-the-art manufacturing facilities, utilizing the most advanced technologies available.

Caesarstone Collections

Caesarstone features three distinct collections: Whether it's Classico, Motivo or Concetto, our extensive quartz designs are constantly evolving and developing. Caesarstone's cutting-edge technology integrates exceptional quality with the latest world trends - ensuring you'll find your perfect surface. All of our surfaces come in standard slab dimensions of 305 cm x 144 cm and in thickness of 13, 20 or 30 mm with diverse possibilities of edge profiles, shapes, patterns and textures.

(Not all colours available in all thicknesses, please check with your supplier.)

The Classic Colour Collection

This classic, multi-colour collection ranges from salt-and-pepper motifs to vivid colour blends, ideal for a variety of residential and commercial applications.

The Patterned Textured Collection

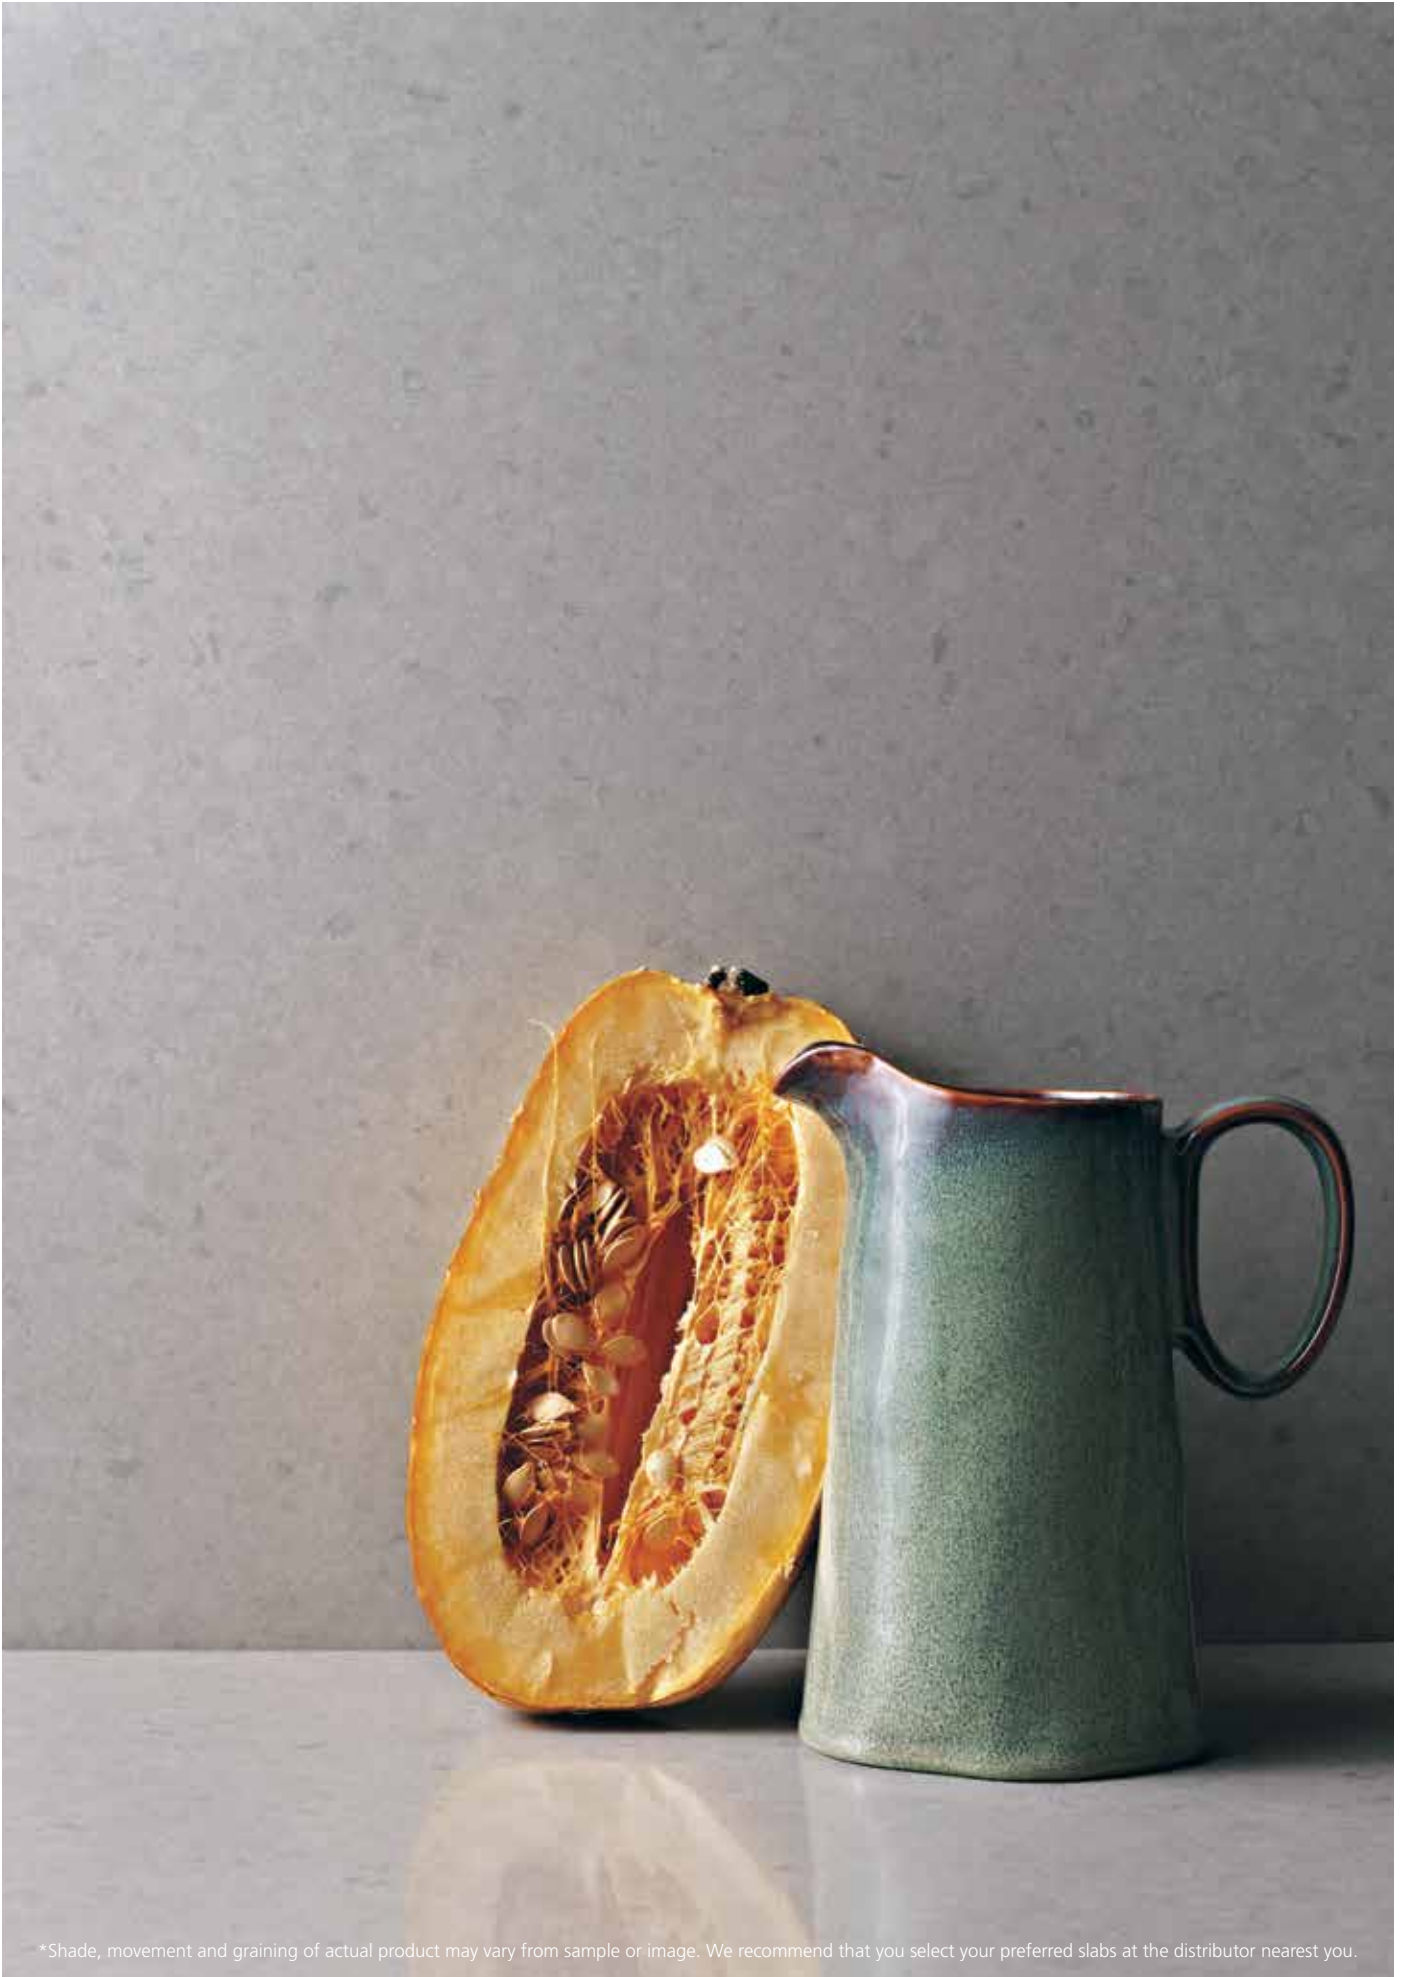

The Motivo collection offers tangibly textured quartz surfaces with various design patterns. This collection is based on a patented manufacturing process, combining two distinct types of finishes to compose an embossed 3D effect.

The Semi-precious Stones Collection

Concetto presents individually cut and bound semi-precious stones in elegant hand-made surfaces. Featuring unique colours and translucent surfaces, Concetto will enhance the design of any luxurious interior.

Only available on special order.

Maintenance and Support

Caesarstone surfaces require minimal maintenance to keep them looking like new. In most cases, soap & water or a mild detergent ensure ease of care for long-lasting luster.

Our surfaces are accompanied with a comprehensive warranty. We are proud to offer responsive and professional customer service and support to our customers worldwide.

Quality & Standards

Caesarstone surfaces meet the highest world standards including ISO 9001 quality management and ISO 14001 for environmental management. Caesarstone employees are protected through OHSAS 18001 compliance. Each surface meets American Greenguard stringent standards, ensuring safe indoor air quality. We are also certified by the National Safety Foundation (NSF).

Your home is where you can unleash your inner desires, express who you are. We're here to make it possible.
